**DECLARATION OF CONSENT
Regarding the processing of personal data**

Name/Surname_____

I. Declaration of consent regarding the publication of data on the DPV website outside of the coverage of DPV events, its members and/or other polo federations

- I hereby agree that the following data may be published on the DPV website outside of the handicap roster and the coverage regarding DPV events, its members and/or other polo federations:
 - Name/Surname
 - Home Club
 - For minors (7 to 17 years of age): if applicable, additionally the year of birth

Please note that the publication of above-mentioned data within the coverage of events is covered under the statutory purposes of the DPV as it is in the DPV's legitimate interest to report about the polo sport, the activities of the DPV, its members and/or other polo federations. In this regard, only the most relevant data are published. For further information, please refer to our declaration of data privacy protection.

II. Declaration of consent regarding the disclosure of information to other national polo federations

- I hereby agree that the following data may be shared with other national polo associations in the context of inquiries regarding the sport of polo:
 - Name/Surname
 - Sex
 - Handicap / Home Club
 - Nationality
 - For minors (7 to 17 years of age): if applicable, additionally the year of birth

Please note that this permission might be necessary for the participation in tournaments conducted by other sports federations as well as the participation in sporting events of other federations.

III. Consent to receive the DPV newsletter

- I hereby agree to receive the DPV newsletter containing information regarding the activities of the DPV and polo news in general via email.

I can withdraw my declaration of consent (I.-III.) at any given time with effect for the future by notifying the DPV by either post or email.

Regarding the further use of your data provided in the membership application form, please refer to our information on data privacy protection.
